We are awaiting further results from exam boards and external providers. This report will be updated with these results as soon as possible.

**Next steps**

- Lead teachers will have access to results to carry out full analysis, which will inform practice in 2019/20
- WJEC Entry Level Certificate in English is being replaced in 2019/20 by Edexcel Entry Level Certificate in English which we believe is better suited to the needs of our students
- Standardisation for all accredited courses is diarised during the Autumn term to ensure all relevant staff are aware of expectations of specification, have access to exemplar assessment materials and, where available, have access to exam-board teaching resources
